

The Case for Cancer Screenings

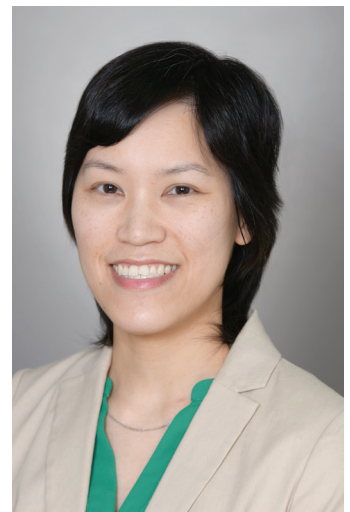

Saturday, October 23, 2021

1:00PM - 3:00PM PT

FREE | In-person | \$3-5 suggested donation

Join us for an informational event about breast health and the importance of cancer screenings. With the double impact of COVID-19 and anti-Asian violence affecting Oakland Chinatown neighborhoods, more residents are delaying critical screening appointments out of fear of leaving the safety of their homes to visit healthcare providers. Experts from Asian Health Services, Epic-Care, and the American Cancer Society will discuss the importance of regular cancer screenings and answer any questions you may have about cancer screening. This event will be presented in English with Cantonese translation.

This event will be held in-person at Oakland Asian Cultural Center but may switch to a virtual format if necessary. RSVP at www.oacc.cc to receive the latest updates. Donations are appreciated and no one will be turned away for lack of funds.

Oakland Asian Cultural Center is generously funded by California Arts Council, California Humanities, Cathay Bank Foundation, City of Oakland Cultural Affairs Division, City of Oakland Parks & Recs, Clorox Company Foundation, Comerica Bank, San Francisco Foundation, William & Flora Hewlett Foundation and individual donors.
